Quick Scan Aspect Key

The longer the bar, the slower the aspecting planet and the longer the aspect's duration.

- 05 Jan ♃ ♂ ♁ 07:42 am PST Tran-Tran  00°≈00'
 The upward path this coming year will be much about giving everybody a piece of the pie and sharing all resources to pull ahead together. It's not a great climate for going solo, since everybody's looking to share both wealth and burden, but it's a good time to discover untapped potential in people and places which were there all along.
- 12 Jan ♃ ♀ ♁ 09:30 am PST Tran-Nat  01°≈39'
 You may find yourself in something of a conflict between immediate opportunity and what you know to be the lasting truth. It will look easy to manipulate reality for a time for short-term gain, but watch out for the long-range effects down the line. Wait a bit (it's hard) and a resolution will appear.
- 13 Jan ♃ △ ♀ 04:48 am PST Tran-Nat  22°≈50'
 Opportunity and desire meet in an unusual hand-in-glove match that should be treasured in days to come when things don't go so smoothly. Know that the pleasure of tasting the best is a yardstick for what is achievable for you in the future, not a result of effort but of fortune and merit in tandem.
- 15 Jan ♃ ♂ Asc 04:18 pm PST Tran-Nat  21°≈33' R_x
 Expect a real time of testing when you feel like you're under the gun 24 hours a day. Shake off all dead weight and travel light with only what you absolutely need to get the job done. Give yourself extra time for everything, as unscheduled stoppages will be the order of the day.
- 26 Jan ☽ ♂ ♀ 10:00 pm PST Prog-Nat  05°≈47'
 You're emotions are well-attuned with your mind, which means you can say how you feel in rather great detail and be on the mark. Insights are particularly strong and clear, so internal picture painting depicts a sparkling landscape with unusually deep perspective. You can justify every reaction, push your own buttons.
- 05 Feb ♃ ♀ ♁ 03:03 am PST Tran-Tran  20°≈39' R_x
 This rare (once in 45 years) aspect provides a background of a year or so when new advances in theoretical science occur which take a longtime proving, thanks to an often-intransigent scientific establishment. Relativity theory and chaos theory are two good examples; both took years to become thoroughly accepted and a part of the general consciousness. If you happen to know what they are, it probably profits you little, except you can tell your children you were there first, when they finally get hip to it. Nevertheless, it's worth looking around for, as the foundations for another wave of the future are being laid at this very time, no small thing.
- 16 Feb ♃ ♀ ☽ 06:37 am PST Tran-Nat  09°≈52'
- Rash moves are very easy to make and contradictory feelings can have you thrashing about, wasting much inner energy and resources. Put off major decisions until you've seen all sides of a matter. Where a problem may take care of itself with time -- leave it alone. Inner seas will calm if you let them.

- 22 Feb ♃ ♂ Asc 03:48 am PST Tran-Nat  21°✕33'
Expect to meet rather sudden and probably puzzling bouts of opposition to your desires from quite close quarters. Partners seem to balk unreasonably and get themselves into physical trouble; be prepared to come to their aid when required, even though you may be annoyed at them at the time.
- 06 Mar ♀ □ ☉ 05:46 am PST Arc-Nat  17°♁29'
- 16 Mar ♃ □ ♀ 07:06 pm PDT Tran-Nat  22°✕50'
A period of some frustration is upon you in which new desirable situations crop up like glistening specters, then turn to lead when you actually get your hands on them. Truly you learn that all that glistens is not gold, so bank your hopes and rein in your checkbook lest you invest in fool's gold.
- 20 Mar ♃ ✕ ☉ 00:26 am PDT Tran-Nat  17°♎29' Rx
An inner steady pace is supported, but no particular effort is required to maintain it from within. Business as usual remains that way with humps clearing out of the way in rhythm. Support to others is easily lent without draining inner resources. For the moment, at least, it's a steady inner flow.
- 21 Mar ♃ ♂ ♂ 08:42 pm PDT Tran-Nat  17°♎20' Rx
Energies are quite erratic now, first running very strong, then totally tapped out for a time. Keep to short projects you won't have to abandon if you poop out. Watch out for infections like colds and the flu that can be brought on by sudden depletion of your energy stores. Get lots of rest -- eat well!

Pluto Stationary Retrograde in 04th House
- 22 Apr ♃ △ ♀ 09:12 pm PDT Tran-Nat  22°♁50'
A good time to reap benefits from earlier expenditures, and just as good for doubling it up for another go-around. Feelings are good and reflect a relatively bountiful personal environment, even when others are upon hard times. Be generous, but keep the bulk for yourself, as this is harvest time.

Saturn Stationary Direct in 12th House
- 27 May ♃ ♂ ♀ 01:01 pm PDT Tran-Tran  26°♁29'
There is a feeling all around that the next step along the way is both a gift from the gods and sanctioned by them as well. That may be so, but it will be those of us on earth that have to live up to the ideals we set now, and that may not be an easy or practical task. It can be too easy to expect too much of yourself and those around you because you don't include the rough but real aspects of reality and temptation we all have to live with. This is a great time to be a high priest -- or to act like one -- but make sure that what you sacrifice on your altar is not what you see in the mirror. Light plays tricks that way....
- 28 May ♃ □ ♃ 05:11 am PDT Tran-Nat  26°♁31'
Avoid the temptation to sweep out the old and ring in the somewhat untested new. It could be a detriment to both. It would be better to take some extra time to find a comfortable place for

both and move on with double opportunity and protection. Where there is conflict, let it resolve itself.

Neptune Stationary Retrograde in 06th House

06 Jun ♀ □ ♃ 02:39 am PDT Arc-Nat  26° ≈ 31'
When you don't know your limitations, they can trip you up. On the other hand, if you talk too much about them, they become the focus and you lose focus. It's all about figuring out just what's necessary and what's not right now, without slowing yourself down too much in the process. Omit needless words.

11 Jun ♃ ♀ ♀ 03:54 am PDT Tran-Nat  27° ≈ 00'
You may find that new or unfamiliar situations and ventures have you feeling somewhat out of control or feeling like flying off the handle inside. This is primarily internal and not particularly related to the reality of the events concerned. That knowledge may be cold comfort, but a help.

14 Jun ♃ △ ♃ 07:12 pm PDT Tran-Nat  26° ≈ 31'
This is an excellent time to initiate a serious, creative restructuring of older methods, projects, and processes that are primarily sound but need serious upgrading to keep them that way. You will find good receptivity to ideas along this line and use the experience of others to showcase your ideas.

- 11 Jul ♃ ✖ ♂ 11:29 am PDT Arc-Nat  17°♍20'
An even, rolling pace and your ability to keep it smooth make everyday expectations and accomplishments go hand in hand without interruption. You probably take it for granted, but it's to your credit when it happens and it keeps you underway when others fall by the roadside. Slow and steady wins the race, if there is one.
- 12 Jul ♃ ✖ ☉ 01:31 am PDT Tran-Nat  17°♎29'

- 31 Aug ♃ □ ♀ 01:25 am PDT Tran-Nat  22°♎50'
It seems everything you want to get your hands on vanishes on contact or turns out to be something you really didn't want or need in the first place. Times like this make you believe less might really be more. Conserve your money and energy or acquire things you can give away later for credit.
- 02 Sep ♃ ♂ ☉ 02:33 pm PDT Arc-Nat  17°♍29'
An ever-present inclination to censor yourself before you make a move is an on-again, off-again phenomenon that's becoming more noticeable. Perhaps it's time to look more closely at just what factors you're considering when you decide to take a stand or hesitate to. There's a middle road if you look for it.

- 15 Sep ♄ ☐ ♀ 06:07 am PDT Prog-Nat  27°♎00'
If you are going to get really serious about something, make sure you stay that way. Coming on really heavy and then backing off can pretty much destroy your credibility and cause collateral damage as well. If you're going to fire your big guns, don't pull your punches, or put your ammo away for another day.
- 29 Sep ♄ ✖ ♄ 05:24 pm PDT Tran-Nat  26°♎31'
A generalized trend of stabilization of a mild sort may be expected, marked by heightened social sensitivity and recognition of the needs of those around you -- how to tend to them and how to garner their support. Nothing dramatic, just a feeling that you intuitively know how to fit in better.

Jupiter Stationary Direct in 05th House
- 29 Oct ♄ ♂ ♁ 10:09 am PDT Tran-Tran  00°♁00'
The next couple of years will likely see a renewal of blind justice with her sword. Those who have spent their time handing out self-made dictums of right and wrong will find themselves hoisted on their own petards, while the meek inherit their earth. If you've been minding your own business, tending to your tasks, you're safe and in line for a promotion.

Neptune Stationary Direct in 05th House
- 13 Nov ☽ △ ♂ 07:42 am PST Prog-Nat  17°♏20'
You are likely to be able to act without misgivings or inner indecision for a while, which will speed up your life. If it feels right, do it, and generally whatever you do will feel right afterwards. You don't have to do much inner consultation, as the flow between heart and hand will be uninterrupted.
- 13 Nov ♄ ☐ ♀ 07:47 pm PST Tran-Nat  22°♏50'Rx
A period of some frustration is upon you in which new desirable situations crop up like glistening specters, then turn to lead when you actually get your hands on them. Truly you learn that all that glistens is not gold, so bank your hopes and rein in your checkbook lest you invest in fool's gold.
- 14 Nov ♄ ✖ ♄ 05:14 pm PST Tran-Nat  01°♁39'
At the moment you've got a good feeling about just how far out you can go to please yourself but not overly offend others more conservative than you are -- wild but chic, so to speak. Enjoy it while it lasts until your more individual urges get the better of you and you just have

to let it all hang out.

- 15 Nov ☿ ☐ ♀ 06:21 am PST Tran-Tran  01°♁42'
This period of a year or so marks a somewhat troubled time for society at large, during which political and economic struggles arise and engage in conflicts that don't actually seem to get anywhere but take up a lot of news time. Unless you're part of the news, chances are this doesn't hurt you directly, but it does sow a certain unease all around that makes people more uncertain than usual about committing to long-range agreements. When the wind is shifting, everyone waits until it's changed before settling down to business. With that in mind, you may find you can make more headway in smaller affairs and short-term commitments, personal or financial, pending further advisories.
- 16 Nov ☽ ☿ ☺ 07:59 pm PST Prog-Nat  17°♁29'
Expect a bit of an ego boost for a while, as your one-two Sun-Moon punch is right in tune in your Sun sign. So for the moment you may be best off putting your eggs all in one basket where you can take advantage of big steps forward without dividing your energies. Presenting a solid front is easy and puts you ahead of the game.

- 03 Dec ♃ ☿ ♀ 08:51 am PST Arc-Nat  27°♁00'
Mental blocks can have you up against a wall, and you may have to completely blow away the obstacles to get a clear course. That may mean abandoning old approaches and busting up long-held prejudices and opinions that are holding up progress. Just watch that your own determination/stubbornness isn't part of the problem.
- 08 Dec ♃ ☐ ♀ 07:47 pm PST Prog-Nat  05°♁47'
You may find yourself spending time elaborating upon what you think, what your intellectual position is. You can cut out a lot of wasted wheel spinning, but you can also find yourself beating around the bush when there is a simple explanation at hand. Talk is cheap, but it's time that's a-wastin'.
- 12 Dec ♃ ♁ ♀ 08:45 pm PST Tran-Nat  22°♁50'
A good time to reap benefits from earlier expenditures, and just as good for doubling it up for another go-around. Feelings are good and reflect a relatively bountiful personal environment, even when others are upon hard times. Be generous, but keep the bulk for yourself, as this is harvest time.

Playful creativity can be a hallmark of the next three weeks, but only if you are willing to let it take its course wherever it leads. Don't expect to follow a straight track but go where things lead you until you start to establish a pattern. Only then can you get back to the main highway after an enlightening detour onto the scenic route. Don't be surprised if this muddies previously held opinions toward the end, as the new alternatives you will be finding will more than make up for any inconveniences or confusions experienced along the way.

A period of some delays, detours, and slowdowns has turned the corner and with a little more fine-tuning life operations will be not only back to normal but improved. Issues having to do with direction and creative focus begin to resolve themselves and turn out to have been only temporary delays, not fundamental problems. Once you have buttoned down the last of the recently arisen distractions, you can put your mind fully on the game and get back to being the you you always thought you were, only better. The exercise provided by internal troubleshooting and introspection brings you back stronger than ever.

At this kind of period, the usual joys of partnership may appear to have become a bit tarnished, so it's probably time to get out the polishing cloth. In some ways you may be

asking not for more than what you want, but what you don't want at all, and that cannot satisfy. If you depend on habit, relations cloy, for it is only what you know you want right now that ultimately fits the bill. So be willing to spend some time winnowing your relationships, keeping what really works and letting the rest pass. When clearly stated desires are again being addressed from both sides, that's when life begins again.

If you're not sure of what you want out of someone, it can be hard to get it, an ordinarily easy give-and-take lately may have become more like push-and-pull. First, refigure out what it is you want to ask of a partner, then put it out clearly so there are no mistakes. That means as much knowing what you aren't asking for as what you are. Imagined or illusory expectations can make a muddle of things, but as you focus on your real desires, the small stuff starts to fade into the background, allowing real dialogue to begin. When you know what to ask for, others become the resources you would like them to be.

Sometimes painting life with a broad brush can cause you to miss messy details that then slow you down. The next three weeks are a great time to pause and make sure the rug rats

and ankle biters are not in a position to sidetrack your whole operation because you ignored them. It's time to give the small things their due so they can serve your larger purpose. By doing so, you may discover a better version of your own vision as well. Don't hurry, you've got time, and you may find that in the end tapping resources you had ignored will trigger a rising tide that floats all boats, not just your own.

After a few weeks of uncertainty about the big picture, your panorama on life returns somewhat amended. False starts have led to a focus on correcting details that have distracted from the overall plan, but these are being put behind you so you can return to your former path with a steadier hand on the helm. What you are putting together now will shortly have a direct effect on what people will be saying about you and your career plans, so don't toss off your ideas lightly. You will have the opportunity to impact your surroundings more than you think if you choose to, but you must make the choice.

This begins a three-week period during which you have the opportunity to refine and perhaps

repurpose the way you project yourself in your surroundings. Round off the raw edges and pull in any potential entanglements that might be slowing you down. You have not only the right, but sometimes the obligation, to change your mind in order to insure consistency and personal impact. Toward the end, this may particularly include tightening up solutions to previously resolved issues to be sure they are well in hand. When you've got all your ducks in a row, you won't have to look back.

After three weeks of readjustment, you can start getting plans back into shape for going ahead, which includes some new feathers put on your personal image. You may find you have discovered some improved ways of fitting your own leadership into the mix, which will firm up during the next few weeks and everyday rhythms get renormalized. Although it might not have seemed so a couple of weeks ago, you're increasingly glad to have had the opportunity to edit your life a bit so you can better exploit your position both socially and financially during the next month or so. Some changes will be momentary, but some will last.

It may be hard not to seem to be at odds with usually friendly forces during this period, as everyone is casting about to get something done and progress is slow. It's easy for you to blame your friends (and they you) for failures that are really just bumps in a shared road. Remind yourself that comradeship is more lasting than a passing storm, and you'll all be around when the weather clears. Sometimes you can become too wrapped up in promoting your own image to see who and where that image came from. When you have to push, push together -- it's not only easier that way, you've all already done it before.

Mars Conjunct Moon (Retrograde)

As Mars turns around on your natal Moon, issues that arouse anger and annoyance may come to the fore, and there is no time like the moment to ferret them out and dispense with them. But that works on two levels. First, there are things which truly waste energy and siphon off your ability to get on with life, and these you should identify and kiss goodbye. Second, there may be situations that rouse your ire because you aren't facing up to them and

they remind you of your own reluctance to clear things up. These you must embrace and work through until they lose their stigma and become part of the regular flow.

Mars Conjunct Uranus (Retrograde)

Mars pulling back from your Uranus may save you from hasty decisions, but it might not seem that way at first. The urge to jump into the fray can be so strong that you miss the obvious. Take the time to retool your ingenuity and develop the practical side of your inspirations before putting them to the test without a safety net. Test not only your accelerator, but your brakes, so you have full control before you charge ahead -- you'll be thankful you did. Develop greater precision and accuracy before you fire, or you'll waste ammo. One shot at your target will be all you need, if you take more careful aim.

Pushing hard to garner support may not have been having the intended effect lately, but feelings of being stalled by the roadside are about to give way to the sounds of busy traffic. Remember that your backing may not always come from what you simply seek yourself but from that which is awarded to you on your merits, ones you may not even be aware of. Do not grasp, but let others seek you out for your strong points, and you will find their energies shore you up and propel you on when you need to take some of the burden off your own shoulders.

Mars Conjunct Uranus

Mars turning about on your Uranus can bring unexpected discoveries and, unless you play it easy, a stop-and-go, bumpy ride. Expect the spigot to be off or on and not much in between for a while, a sputtering rhythm that can be fun if you go with it, but annoying if you try to buck it. Allow yourself to be catapulted to where you're going and you'll go further -- like a roller coaster, it's best to let it take you wherever it goes, even if you shriek a little. At the end of the ride you'll be back with your feet on the ground and requests to go another round.

Mars turning direct on your Moon can be an emotional challenge and an opportunity to learn restraint and rechannel anger. Recent frustrations can too easily be turned to conflict just as resolution is in sight, so keep a steady hand on the helm and let those about you lose their heads without joining in. If successful, what begins as forbearance leads to relief and a feeling that you have been tested and have passed with flying colors. Use physical exercise to release stress and trim away energy-wasters that slow you down and tire you out. Focus, patience, and endurance are the watchwords.

The next three weeks may cause you to step back and rethink your course and reset your bearings to make sure you are really on the course you intended. Do not hesitate to question fundamental values in order to get to the heart of what you believe and resolve inner conflicts that may arise. Small insights can net you large gains, particularly in the future stability of your ship. Rock your own boat before others do, and you'll be the better off for it. By the end, you may find risk reevaluation highly useful, particularly when you depend on others to evolve into what you will lean on in the future.
