The longer the bar, the slower the aspecting planet and the longer the aspect's duration.

- 05 Jan ♃ ♂ ≈ 07:42 am PST Tran-Tran  00° ≈ 00'
The upward path this coming year will be much about giving everybody a piece of the pie and sharing all resources to pull ahead together. It's not a great climate for going solo, since everybody's looking to share both wealth and burden, but it's a good time to discover untapped potential in people and places which were there all along.
- 07 Jan ♃ △ ♀ 06:45 am PST Tran-Nat  00° ≈ 27'
A leap of faith will cross many a boundary and unite former foes -- and this is the time to do it, fueled by a special inner confidence that is now available. A strong word of support, based on your own willingness to stand behind your commitments, will change uncertain ties to lasting friendships.
- 07 Jan ♃ ♀ ☉ 06:57 pm PST Tran-Nat  22° ≈ 39'
You may find reality coming sharply in and out of focus: at times putting you in very practical command of your situation, at times causing you to drift off into a dream world that has little immediate applicability. Act when in the former state, note the other as it presages things to come.
- 15 Jan ♃ ✖ ♃ 10:26 pm PST Tran-Nat  02° ≈ 29'
This is a good time to find ways to implement your personal beliefs in a way that is practical, satisfying, and unobtrusive to others. No need to soapbox, just a quiet word or two will be enough to get the ball rolling. After an initial thrust, truth and conviction will carry the ball.
- 25 Jan ♃ □ ☽ 01:34 pm PST Tran-Nat  04° ≈ 46'
Hold back on snap judgments, particularly those based upon intuition, which may seriously fail you at this time. Best to rely on hard facts and avoid over or under reactions to circumstances, even if it seems called for. Emotional timing is a bit off, so hold yourself in check for a second look.
- 05 Feb ♃ ♀ ♄ 03:03 am PST Tran-Tran  20° ≈ 39' R
This rare (once in 45 years) aspect provides a background of a year or so when new advances in theoretical science occur which take a longtime proving, thanks to an often-intransigent scientific establishment. Relativity theory and chaos theory are two good examples; both took years to become thoroughly accepted and a part of the general consciousness. If you happen to know what they are, it probably profits you little, except you can tell your children you were there first, when they finally get hip to it. Nevertheless, it's worth looking around for, as the foundations for another wave of the future are being laid at this very time, no small thing.
- 20 Feb ♃ ♀ ♀ 12:45 pm PST Tran-Nat  10° ≈ 50'
- Making up your mind is the problem and the solution may very well be not to do it at all. A good time for letting disparate elements split apart naturally and let each take their own natural path. When in doubt, reserve judgment and let each of your own diverging opinions have its own deserving place.

- 27 Feb ☽ ✖ ♋ 03:01 am PST Prog-Nat  28° ≈ 39'
A warm expanse of emotional growth is underway, even though you may not be noticing it. It's naturally easier to reach out and be inclusive without being obtrusive, adding to your own inner life as you give to others. Generosity is its own reward, especially when you don't ask for one, and it will come back to you at just the right time.
- 28 Feb ♃ ♂ ♍ 06:28 pm PST Tran-Nat  19° 11' 00" R_x
Much of your efforts in the outside world may be hampered by major changes on the home front that cannot be avoided or put off. Thus, you will periodically have to neglect implementations on the outside in favor of shoring up their true bases on the inside. A trim ship in port rides well at sea.
- 06 Mar ♃ □ ♃ 02:53 am PST Tran-Nat  18° 11' 34" R_x
You are undergoing something of a socialization crisis that occurs about once every 15 years, during which you must re-evaluate where you are being asked to fit in among those around you and decide if you're going to be a joiner, go it alone, or make some sort of compromise in your living style.
- 13 Mar ♋ △ ♉ 11:28 am PDT Tran-Nat  15° ≈ 27'
If it feels right, go ahead, no matter how far out it seems! This is a time when inspiration goes hand in glove with opportunity, so be ready to invest in it and strike while the iron is hot. And save the extra stuff that you don't have time to implement right away, it'll be just as valuable down the line.
- 28 Mar ♋ △ ♃ 09:45 pm PDT Tran-Nat  18° ≈ 34'
Good opportunities are afoot for combining new ideas with old support systems, so don't hesitate to blend a radical departure with something very conservative -- this is the time to make it work. Trust your judgment -- and you'll find yourself capable of the seemingly impossible.

- 10 Apr ☽ ♂ ♉ 08:56 am PDT Prog-Nat  00° ≈ 14'
You sometimes have to make your move, even though your heart isn't fully behind it. Having mixed feelings about your actions doesn't help with follow through, so it may be time to make your judgments based on outward analysis alone and do what you have to, despite misgivings, letting your gut catch up to it later.
- 21 Apr ♋ ♂ ☽ 04:03 pm PDT Tran-Nat  22° ≈ 39'
Stop-and-go energies within make it hard to stay on one subject at a time, so be ready to diversify. Avoid commitments that require steady or constant attention in favor of those that will let you come and go as you please. What goes unfinished now can be completed later, if you design it that way.

There is a feeling all around that the next step along the way is both a gift from the gods and

sanctioned by them as well. That may be so, but it will be those of us on earth that have to live up to the ideals we set now, and that may not be an easy or practical task. It can be too easy to expect too much of yourself and those around you because you don't include the rough but real aspects of reality and temptation we all have to live with. This is a great time to be a high priest -- or to act like one -- but make sure that what you sacrifice on your altar is not what you see in the mirror. Light plays tricks that way....

Emotional confusion can be the result of feelings that fall in and out of focus, situations arise where it's hard to put your finger on just how you want to respond. If you're not sure where you stand, let things go until you are on firmer ground and have tested the changing waters. When tides are changing, wait for them.

- 07 Aug ☽ △ ☽ 10:45 am PDT Prog-Nat  04°≈46'
First feelings will probably be the ones to count on for a while, as although exterior settings may have changed, you can read what's going on inside well enough to rely on your instincts, so you probably won't have to second guess yourself or others. Play it like you feel it, spend extra energy elsewhere.

- 19 Sep ♃ ♂ ♃ 05:09 am PDT Prog-Nat  00° ≈ 00'
You may find you are seeing more than both sides of the questions these days, which may be an important trend. When you don't find all you need to know, it may be time to intercede and ask the right questions, insist on the right answers. You will only know by getting in there and eliciting some response.
- 04 Oct ☺ ☽ ♃ 08:06 pm PDT Prog-Nat  28° ♎ 39'
It can be easy to overdo things right about now, so take care not to spend more energy and enthusiasm on pet projects than they in fact merit. If at first you don't succeed, don't try, try again. Try something else. There's no point in throwing good money after bad, and that goes for your personal energy as well.

If your feelings tell you you want it, now's probably the time to go out and get it. The more emotionally satisfying it seems, the greater the reward in the end. Sometimes you jump for situations and then change your mind later, but right now your judgment is steady and rewards sought now will age well and give dividends.

- 17 Oct ♃ ☐ ♃ 09:02 am PDT Tran-Nat  28°♎39'
Snags, snafus, and stones in your pathway are to be expected, brought on by resistance from those who do not share your future vision or plans. There is little point in fighting it -- just rechart your course to circumvent obstacles, as direct confrontation will drag you down further.
- 29 Oct ♃ ♂ ♁ 10:09 am PDT Tran-Tran  00°♁00'
The next couple of years will likely see a renewal of blind justice with her sword. Those who have spent their time handing out self-made dictums of right and wrong will find themselves hoisted on their own petards, while the meek inherit their earth. If you've been minding your own business, tending to your tasks, you're safe and in line for a promotion.
- 02 Nov ♃ ♂ ♁ 03:44 pm PST Tran-Nat  00°♁27'
This is likely to be a time of considerable deep introspection and even depression, during which you meditate upon the meanings of death and the limitations put upon us by worldly existence. Rather than bemoaning your hard case, take it as a time to confront and better understand these total issues.

- 06 Nov ♃ ♀ ♀ 06:00 pm PST Arc-Nat  10°♊50'
Putting your feelings into words only enhances them, so don't be afraid to say what you mean from the heart. Your words will not fail you, and backing them with your emotional take makes them seem all the more reliable. Your inner world has immediate contact with the outside without much ado, so honesty pays without modification.

- 14 Nov ♃ ♁ ♁ 10:03 am PST Prog-Nat  08°♋34'
You can present yourself with confidence because what you have to do is backed by comfortable feelings; you project no discord to confuse others. When you say it, it's obvious you feel it as well. Your creativity and the excitement of new learning and fresh ideas show on your face -- no worry lines there.
- 15 Nov ♃ ☐ ♁ 06:21 am PST Tran-Tran  01°♁42'
This period of a year or so marks a somewhat troubled time for society at large, during which political and economic struggles arise and engage in conflicts that don't actually seem to get anywhere but take up a lot of news time. Unless you're part of the news, chances are this doesn't hurt you directly, but it does sow a certain unease all around that makes people more uncertain than usual about committing to long-range agreements. When the wind is shifting, everyone waits until it's changed before settling down to business. With that in mind, you may find you can make more headway in smaller affairs and short-term commitments, personal or financial, pending further advisories.

- 24 Nov ♃ ✖ ♀ 05:38 am PST Tran-Nat  02°♁29'
 You may find that your fantasy life is seeing some external support, making this a good time to go gently out and try to make some dreams come true. Just sort of slip them into reality, don't push, and you may find they grow with a life of their own. Be willing to trim them to fit reality a bit and they'll blossom.
- 24 Nov ♃ □ ♃ 03:15 pm PST Arc-Nat  04°♁46'
 Ordinarily fluctuating emotions will be inclined to larger swings that bring new tides of happiness and joy that sometimes recede and leave you temporarily on the beach. Sustaining the rhythm will become the trick, so you can keep the best of each new advance as you go from high to low and generally raise the level of delight.

 Mental blocks can have you up against a wall, and you may have to completely blow away the obstacles to get a clear course. That may mean abandoning old approaches and busting up long-held prejudices and opinions that are holding up progress. Just watch that your own determination/stubbornness isn't part of the problem.

If you can spend the next three weeks redepoying your debts and reallocating resources, you will not regret it. In fact, it may simply be a necessity to pick up loose ends and take a second look at whether you are unnecessarily overextended. With a little tweaking, you could be sitting in the catbird seat, but you'll need to test the wind to get some height. Pick up on assets you've neglected or forgotten about, and you'll have all you need. Make new friends, but keep the old; one is silver, but the other's gold -- in ways you hadn't even thought about.

As you turn the corner toward clarity after a few weeks of unasked-for change, you realize that no one was to blame. What seemed like mistakes were simply different roads to the same destination and it's clear that keeping your eye on the ball and not on the pitcher is the only way to go. Resolving differences is the surest way to a strong partnership, especially when driven by a common goal. You can look forward to a backward look that may give you a boost in the coming month or so, so keep those eyes in the back of your head wide open. Tomorrow's prize lies in the hand of another, so be ready to shake it.

What you would like others to think about you can become a focus in this period. What is your reputation worth -- and, in fact, what is your reputation, anyway? The surest way to attain

success is to define it well to begin with -- you can't get what you want if you don't know what it is. You may discover that what you are worried about not attaining is actually not what you want to attain in the first place, clearing the decks for real personal success. In the end, willingly redefining goals and clarifying expectations can make this a time that will both bring forth fruit and plant the seeds for another crop.

Establishing yourself in others' eyes means making decisions about what it is you want said about you. If you're mixed up about that, then that will be your image. So after a recent period of uncertainty and changing choices, now is the time to start making your selections and letting them be known abroad. Rewrite your personal resumé -- whether for employment or just life itself -- to reflect not only who you are and what you have done, but where you're going and what you want out of life. Put the words into others' mouths before they do it for themselves, and you'll find yourself self-tailored for success.

Sometimes when you choose to lean on friends, you find they're leaning on you already, and then everybody gets confused. The next three weeks give you the chance to discover and

address this kind of situation so that good feelings remain all around and everyone is back on a mutual course. One reason this can happen to begin with is that you may have been paying too much attention to your own goals and aspirations and lost track of your personal support grouping. A little healthy self-introspection may help your own ambitions find better focus and general support where you can most rely on it.

Mercury Stationary Direct in 11th House

You may have found the last few weeks have required you to spend some time pinning down just who your real friends are. Misplaced expectations can make for delay, but once you've separated the wheat from the chaff you'll have a better idea of who is really in the game. Now is the time to nail down those connections who had been hovering in the wings, time to get the message through to the ones who matter. That's important because you may soon need a shoulder to lean on, or at least a reliable counterpart who can help provide focus and serve as radar when the fog rolls in.

The next three weeks may cause you to step back and rethink your course and reset your bearings to make sure you are really on the course you intended. Do not hesitate to question fundamental values in order to get to the heart of what you believe and resolve inner conflicts

that may arise. Small insights can net you large gains, particularly in the future stability of your ship. Rock your own boat before others do, and you'll be the better off for it. By the end, you may find risk reevaluation highly useful, particularly when you depend on others to evolve into what you will lean on in the future.

Mercury Conjunct Pluto (Retrograde)

Mercury making a temporary halt on your Pluto turns you on to a set of delays that are shared very specifically with your age group, so look to immediate contemporaries for both sympathy and solutions. Issues may circle around who is in control and what turf is worth having charge over, but it all comes down to personalities in the end. Fewer things than you may imagine are worth going to the mat for, so be ready to abandon time-wasting challenges and dead ends in favor of what's really worth the push. A few weeks of picking your fights carefully may eliminate the opposition to begin with.

A period of some delays, detours, and slowdowns has turned the corner and with a little more fine-tuning life operations will be not only back to normal but improved. Issues having to do with direction and creative focus begin to resolve themselves and turn out to have been only temporary delays, not fundamental problems. Once you have buttoned down the last of the recently arisen distractions, you can put your mind fully on the game and get back to being the you you always thought you were, only better. The exercise provided by internal troubleshooting and introspection brings you back stronger than ever.

Mercury Conjunct Pluto

As Mercury gets itself back into gear on your Pluto, pecking order issues that may have arisen lately can be resolved and competition put aside where it is not needed. You can figure out how to get your way without imposing it -- either by cooperation or simply by sleight of hand -- and there is no reason to waste unnecessary muscle making it happen. You can equally well put your finger on your unresolved fears and find that when you shed light on them, there's nothing there to be afraid of. Known challenges are always easier than what lurks unseen, and this is a good time to cast a little light into the darkness.

If you can avoid taking too much financial action during this period, do so. Chances are it will be hard to anyway and likely not worth the fight. Ease off on the money pedal but don't slam on the brakes, either. Opportunities for really good, long-lasting moves are few, and energy used sparingly now will serve well to have conserved later. There's nothing wrong with following through on long-term, well-laid plans, but impulsive spending will likely be resources thrown into the wind, especially if it is based on personal, ego-satisfaction motives.

Mars Conjunct Mercury (Retrograde)

Brilliant flashes of insight and problem solving may suddenly require a second look as Mars backs off your Mercury. Easy solutions will take a bit more work until they can be hammered into workable pathways to success. Mental effort can tire just as easily as physical, however, so don't beat your head against obstacles that don't respond on first approach, but be willing to try, try again with smaller steps until it all comes together. Instant results are less important (and less likely) than final triumph over the long haul. Headway in the smaller leads to the greater good.

Mars Stationary Direct in 02nd House

A push-pull period of some frustration in developing your assets is turning around and your ability to draw on your real income should increase. This may come partly as a result of concentrating your efforts in one area and letting other time- and energy-wasting projects go. Increasing your ability to follow through will put you one up on the situation while others are too distracted with multiple efforts to successfully compete. This will allow you to open up new avenues of communication and develop valuable contacts in the near future that will allow your single purpose to snowball.

Mars launching forward on your Mercury should set mental sparks flying and energize solutions to previously puzzling problems. However, the urge to smash idols and cut the Gordian knot should be tempered with second thoughts, as there's no turning back once you burn a bridge behind you. Remember that things are only just coming together and it still may take some work to get the kinks out before you go for full throttle. Burning the midnight oil should come more easily now, even to the point of difficulty in turning your mind off when you need to take a rest.

Sometimes assumptions about those most close to you can turn out to be misperceived, and the next three weeks gives you a chance to take a second look. You can nip problems in the bud and smooth potentially ruffled feathers, including your own, where things have been taken for granted and are slowing down progress. Mending ties to others can make for stronger relationships if you are ready to address small problems and so prevent them from growing. In the same way, good fences make good neighbors, and keeping your own integrity may be part of it, so don't do others' jobs, but let equality have play.

Hectic reduplication, delays, and scheduling confusions will be straightening themselves out after a few weeks of necessary resorting. All that remains is to put the finishing touches on new approaches and link them all up with others who may be involved. Missed or mixed up messages are resent or clarified so everybody is back on the same page and agrees upon what the next step is going to be. A general sense of well-being supplants a certain unease born of uncertainty and you get back to your healthy glow born of knowing where you've been and focus on where you're going.
